## PRESIDENT'S COLUMN

**Chris Hoover**

Wow! What a fun night we had at the February meeting. It was a full house and our membership is growing and growing. I love seeing so many new faces so thank you, to all who attended the meeting and have joined SCHQ. It's going to be a fantastic year!

When I joined the guild way back when, I wanted to meet people who shared my passion, learn new techniques, get tips and tricks, and be inspired. I hope that this coming year will fulfill all of that for you and more. Programs, Small Groups, Special Events and Service Projects are working hard for you so keep reading for all the details on what's in store for 2020.

I had a great conversation with a fellow member a few weeks ago, talking about the guild and what's happening with SCHQ. I loved the ideas she shared with me (I hope to implement a few in the coming months) and want to encourage all of you to share your thoughts with me on what you would like to hear, see and learn. There's only so much time at our monthly meetings, so how about an article in our newsletter each month featuring a tip or trick that others might not know about? Keep reading for the first installment. And if you have an idea you would like to share let me know.

Make sure to highlight March 5<sup>th</sup> on your calendar! You won't want to miss this meeting. Kristen Bender will be our speaker and I know that she will have truly inspiring quilts to show us. We will also have some big announcements to share with you regarding the 2021 Quilt Show. And I know that our "Show and Tell" will once again be exciting – the quilts I saw at the February meeting were amazing.

See you next month!

**President's Challenge 2020****Chris Hoover****It's all about the NUMBERS!**

I'm a numbers person. By that I mean that I constantly seem to have numbers running through my head. I tend to count how many pieces I have yet to sew, how many pieces there are in each block, how much longer it's going to take me (in minutes/hours) to finish the binding, etc. And that's just numbers I think about when I'm quilting! So my quilt challenge to you had to be about the numbers – 2020.

The rules for this challenge are:

- The quilt must finish at 20" x 20".
- The quilt must contain the two fabrics provided and you must add two other fabrics (to represent the "2"s in 2020). I will have bags available for pick up at the February, March and April meetings (no cost) that contain two fat 1/8<sup>th</sup> yards of fabric.
- The quilt must have at least two circles or "0"s somewhere on it (to represent the "0"s in 2020). These can be appliqued circles or circular shapes, circles in the additional two fabrics, or part of the quilting design.
- The quilt must contain 2 (and only 2) different quilt blocks. You may have as many or as few of these 2 blocks as you want, but you can't have more than 2 different quilt blocks.

For example, your quilt may be:

- 1 – 20" block with another block embedded in the large block (i.e. a second block in the center square or corner square of the 20" block)
- 5" blocks that alternate in a 4 x 4 set
- 4" blocks that alternate in a 5 x 5 set
- blocks with plain squares or sashing
- 10" blocks that alternate in a 2 x 2 set or with plain squares set 2 x 2
- an art quilt with 2 blocks featured somewhere within the design
- random sized blocks in a random setting

Please consider adding a 2" sleeve to the back (top) of your quilt and entering it in the 2021 quilt show. There will be a category for these quilts.

The quilts will be displayed at our November meeting. Members will vote on their favorite. The November speaker and I will vote on our favorites. Prizes will be awarded!

I look forward to your creativity and hope that you will accept my challenge!

**PROGRAMS**

Nancy Piltz

**March 5<sup>th</sup> Program**

Our speaker is Kristen Bender, Certified Judy Niemeyer instructor, from Minnetonka, MN <http://www.quiltworx.com/instructors/kristen-bender/>. Kristen has been teaching since 2011 and is thrilled to share Judy's techniques, tips & tricks with others. She loves to see students' eyes light up with excitement when they learn about them for the first time. Her passion for sewing began in Germany at age 9, when she sat with her mother and sewed clothes for her dolls. After she discovered quilting in 2004 her patchwork addiction was born. When she's not quilting/teaching, she manages an office full of non-quilters and enjoys spending time with her husband and golden retriever.

April 2 – Marilyn Foreman, Twister Sisters <https://quiltmoments.com/>

May 7 – Our May program with Bonnie Lundorff of Willow Wood Market will include a class the next morning (May 8) at Love of Christ Lutheran Church. More information will be coming about that class. <https://www.willowwoodmarketdesigns.com/>

**July meeting date has been rescheduled to July 16<sup>th</sup>! Our speaker will be Krista Moser**  
<https://www.kristamoser.com/>

Just a reminder to start making some Quilts of Valor for our October meeting. We have some fun things planned for this meeting and want to have a good amount of quilts.

**Monthly Tip – From Chris Hoover**

Are you one of those quilters who doesn't change the needle in your machine unless it breaks? That used to be me until I was a "newbie" at a retreat and the quilter across the table handed me a new needle and very politely said, "I think this will help." It was amazing how much quieter my machine was with that brand new needle, I no longer had skipped stitches and my thread stopped breaking. But the best part was I could actually hear what this quilter was trying to say to me!

I taught machine quilting for many years and the first thing I would tell my students is, "Sewing machine needles have a life of approximately 8 hours of continuous sewing." They do not last forever. Whenever you start a new project, CHANGE the needle. Needles are less than \$1.00 each and well worth the investment. Your machine, your fabric and you will be so much happier if you get in the habit of starting out with a fresh needle.

Want to learn more about when to change your needle? Check out this video from Schmetz Needles:

<https://www.youtube.com/watch?v=wC0g--VImRQ&list=PLQjw4DiWyD-hviRUMrhW-wHb-U5NSRFu1&index=6&t=0s>

**Preparing your quilt for Machine Quilting (Submitted by members of the SCHQ Guild Longarm/Midarm Quilters Small Group)**

- Square your top and backing. The lengths of the right, left and middle should be the same. The widths of your right, left and middle should be the same.
- Press your quilt top and backing.
- Secure your edge seams by basting a large stitch around the outer edge of the top so the seams don't unravel, or secure the edge seams with a backstitch.
- Check for open seams. The longarm hopping foot could get caught in an open seam and rip the quilt.
- BACKING AND BATTING MUST BE 4-6" LARGER THAN THE TOP ON EACH SIDE OF THE QUILT. An example would be a 60" x 60" top needs a 68" x 68" backing and batting.
- If the backing fabric is pieced or seamed, use ½" seams with a small stitch and remove selvages from the seams only. Cut seam edges with pinking shears, if possible. Press seam open.
- Remove extra/loose threads, pet hair and fuzzies.
- Check for pins left in the quilt.
- No embellishments (buttons, beads, charms, etc.) Add these after the quilt is quilted.
- Mark the size of the quilt where it can be seen. (Pinned to the top or written on the outside of the bag.) If this is your personal quilt, not a service project quilt, it would be a courtesy to your longarmer to place your pressed top and back on a hanger and pin your name and phone number to both the top and backing.

Note: Your machine quilter may have other guidelines. Print a copy of these guidelines for them to review.

A Note from Marlyn Anderson -

I have lots of **paper for String Piecing**. The newsprint type paper measures 8" X 10.75". I have books from 1/2" - 3/4" thick available for you to have. I have used this paper for making String Pieced blocks for Tummy Time quilts, in the past. The ink does not transfer to the fabric, even with starch applied after sewing the strings on. The paper rips off easily.

If you'd be interested in getting some of this paper, please let me know and I'll bring it to the next SCHQ meeting. Contact Marlyn

## Service Projects

Pat Gerchy and Sue Skoblik

Hey, quilters – Want a day or two to sew for others in need? Is your scrap basket overflowing? There are two opportunities in March to help with cutting and sewing for our service projects.

**The first sewing days are March 9<sup>th</sup> and 10<sup>th</sup> at Gruber's from 10 am to 4 pm.** Come and go as your schedule allows. You can sew on your own donation quilts or on blocks using the strip-pieced method. We will also be sewing hats and other items in support of cancer patients.

You need to bring your sewing machine, cutting scissors, rotary cutter, pins, thread in white, ecru or light gray, and any personal sewing needs. With making quilts we create a scrap basket or large tote. This is a way to get rid of your scraps and create at the same time. If possible, cut strips 1" to 1 3/4" wide. If unable to come and sew, any strip or scrap donations would be appreciated.

We can leave sewing machines at Gruber's if you plan to come for both days. Patterns using scraps or strips are welcome. We have two ideas.

\*Since we are using Gruber's classroom for sewing, they request that we buy lunch at the café.

**The second sewing days are March 30<sup>th</sup> and 31<sup>st</sup> at east side VFW** (104 Franklin Ave NE, St Cloud) **from 9 am to 4 pm.** Bring your sewing machine, serger, rotary cutter and white, ecru and black thread. We also need any drapery or upholstery fabric or home decorator sample books you have to donate. You can leave your sewing machines overnight if you are coming both days. You can bring your lunch or eat out.

Let's create, make new friends and share our sewing talents with others.

If you have any questions, call Sue or Pat. Their phone numbers can be found on the mailing page attached with this newsletter.

Triple S is an evening of fun, food, wine and sewing open to all members of the guild and held 4 times a year. A main dish will be provided along with wine and nonalcoholic beverages; please bring along an appetizer, salad or dessert to share. Bring any handwork you'd like to do, too, and remember to bring your batik fat quarter to swap!

Please RSVP to Alice Sue. Triple S is a fun way to get to meet other members, so we hope you can join us on February 18th.

**MEMBERSHIP****Julie Anderson**

Greeting from the membership table!

We had another busy night at the membership table at our February meeting with 5 new members and 13 renewing members. This brings our current membership up to 144! Also, don't forget to pick up your 2020 membership card. Thanks!

The group meets the first Monday of the month at 6:30 p.m. at each other's homes as space allows, or at Alice Sue Becker's house. For more information and the location of the next meeting, please contact Alice Sue Becker or Kathy Gunderson, co- facilitators.

We (Diann Kremer & Jan Stockinger) would like to start another small group called **Scrappy Stash Busters**. Let us know if you are interested.

1. Pick a block pattern that you like.
2. You can only use fabric from your stash.
3. Only background fabric can be newly purchased.
4. Sewing can be done either at your home or if available sewing in Gruber's Classroom at a cost of \$5, or if you eat in the café the \$5 is waived.
5. When these quilts are finished, they can be given to the Guild to donate to our different service projects.
6. This is a win, win group! Our sewing rooms get room for a new stash supply and the recipients will be very happy with their new quilts!
